Re: KOMU-TV, Columbia, Missouri
Facility ID # 65583

Dear Ms. Reilly:

We have completed our review of the response of Curators of the University of Missouri (the "University"), licensee of the above-noted station, to the March 23, 2009 random audit letter sent to it in accordance with the provisions of Section 73.2080(f)(4) of the Commission's Equal Employment Opportunity (EEO) rules.

After further explanation and review of the recruitment practices of KOMU-TV within the University's system, we acknowledge that the station uses numerous sources to attract applicants by way of the MU Job List Website. While we do not require the licensee to document every source from which an interviewee may have received word of a job vacancy, the licensee must ensure that records are maintained that fully document its recruitment efforts in a format that enables us and the University to review its EEO program. We understand that steps are being taken to modify the station's interview process and documentation procedures in order to better conform with the Commission's EEO rules.

After consideration of all the information we have in this audit, we find that no further action is required. In accordance with Section 73.3526(e)(10) for commercial stations or Section 73.3527(e)(11) for noncommercial stations, the University must place copies of this letter, our March 23 audit letter, and its response in the station's public inspection file. The University must maintain these materials in the file until grant, by final order, of its next renewal application of its license for the station.

Should you have any questions regarding this matter, please contact Yvonne Harris of the EEO staff at (202) 418-1450. Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink, reading "Lewis C. Pulley", is written over the typed name.
